Camera Line-Up 2002

Silent Witness

PRIMAVIEW™

TRANSFORMING SURVEILLANCE

A low cost, high quality CCD surveillance solution. PrimaView provides superior picture quality that out-performs many other conventional CCD cameras.

Forward Thinking Versatility

- Converts to flush or surface mount enclosure instantly - installs easily with a deep double gang electrical box
- Choose from a wide range of cameras including EXview HAD™
- Rugged, high impact dome and housing

Wider View

- "3D" gimbal allows for maximum lens rotation and placement
- Compatible with Silent Witness' Quick Change Lenses (2.9-16.0mm)

Flexible

- One power connection self-configures to either 12VDC or 24VAC. AC line-lock is a standard feature
- Impact-resistant, clear polycarbonate dome has an adjustable insert — concealing the camera components without compromising light sensitivity or picture quality

Adaptable

- Switch between surface or flush mount
- Unobtrusive, will not compromise architectural design

Quick & Easy Installation

- Ideal applications include: retail, banking, commercial buildings, hotels and conference centers
- 3 Year Warranty

EXITVIEW™

SMART SURVEILLANCE

Identification & Apprehension.
ExitView combines a high performance CCD camera with a height strip and is one of the most inexpensive solutions to tighten in-store security.

ExitView can be mounted on or beside the door-frame, and will capture the face of the culprit at eye-level, in full color, as they exit your premises.

With visual identification, apprehension of the offender and recovery of your goods is easier than ever before.

Features

- A discreet, cost-effective solution for loss prevention, shrinkage and robbery
- High performance color CCD camera
- Functional height strip
- Easy to install
- Optional 15° adapter to increase field of view
- Available in silver and black to blend with your decor
- 2 Year Warranty

Ease of Use
This value-priced surveillance solution is plug and play — installation is quick and easy.

Ideal for retail applications, gas stations, convenience stores, malls, fast food restaurants, small businesses, banks, cashier areas, and other commercial enterprises.

M12

UNIVERSAL SURVEILLANCE

High quality surveillance & uncompromising value! Discreet and attractive - the M12 is ideal for many applications including small business, retail, residential and daycare.

Discreet and Affordable

- M12 is a cost-effective solution
- So light weight, the M12 can be installed directly onto a drop ceiling without a backing plate

Unobtrusive

- Designed to install anywhere without compromising architectural specifications

Incredibly Tough

- Polycarbonate dome produces outstanding optical quality and is hardcoated for long lasting reliability

Choices to Suit Any Requirement

- Available in one and two camera versions. The two-camera M12 allows you to look two ways at once — perfect for hallways where two separate cameras would normally be required
- M12 has a choice of lens options to suit almost any application: 2.5mm, 4mm, 6.0mm, & 12.0mm
- 2 Year Warranty

V25 ARMORDOME™

& CORNERMOUNT

Solid & Unobtrusive

- Compact, only 5.5" (148mm) in diameter
- Heavy-duty steel enclosure secured using color matched tamper-resistant screws for added durability
- Polycarbonate dome can withstand the impact from an 8 pound sledgehammer

Versatile Flush Mount

- One power connection self-configures to 12VDC or 24 VAC (Standard AC line-lock)
- Improved enclosure allows for installation into a deep double gang electrical box
- Compatible with Silent Witness' Quick Change Lenses 2.9mm to 12.0mm

Optional Cornermount

- Available in (powder coated) white, stainless steel or gold finish
- Most aesthetically pleasing and easy to install

Install Anywhere

- The V25 ArmorDome is perfect for hotels, office complexes and casinos - anywhere surveillance must be discreet
- 3 Year Warranty

Attractive and rugged, this camera will blend into any interior and is one of the easiest flush mount cameras to install.

V60 COMPLETE

DESERT HAWK / ARCTIC HAWK

Uncompromised Surveillance:

- Tough enough to be installed in maximum security prisons
- Tamper-resistant screws for added security
- Enclosure made of die-cast zinc alloy

Extreme Installations:

- Arctic Hawk (V60E) operates in temperatures as low as -50°F (-46°C)
- Desert Hawk (V60P) comes equipped with sunhood and polarizing filter to reduce solar glare and operates in temperatures up to 140°F (60°C) B&W only

Versatile & Easy to Install:

- Installs in less than 15 minutes
- Fully weather sealed for indoor or outdoor use
- Lens options: 2.9, 3.6, 6.0, 8.0, 12.0 & 16.0mm*

Multipurpose:

- The V60 has been installed in schools, office complexes, hotels & casinos, restaurants and even on school buses and inside railroad locomotives
- 2 Year Warranty

The durability and flexibility of the V60 has made it a favorite of installers around the world.

**Not compatible with Quick Change Lenses.*

V60 NIGHT HAWK™

& ARCTIC NIGHT

Rugged CCTV:

- Install where picture quality can not be compromised due to low light levels
- Enclosure made of die-cast zinc alloy
- Tamper-resistant screws for added security

Multiple Options:

- Arctic version operates in temperatures as low as -50°F (-46°C)
- Built-in infrared illuminators allow the camera to see in complete darkness up to 40 feet depending on lens
- Lens options*: 2.9, 3.6, 6.0, 8.0, 12.0 & 16.0mm

Safe & Effective:

- Infrared illuminators automatically adjust to reduce the risk of eye injury
- 0 Lux imaging makes it right choice for installation in night clubs, sleep clinics, office complexes, ferry terminals or anywhere requiring night monitoring

Compact & Easy to Install:

- Installs in under 15 minutes
- Measures only 2.5"x2.75"x4.5" (63mm x 69mm x 114mm)
- 2 Year Warranty

The V60 NightHawk sheds new light on surveillance with long lasting quality and uncompromised picture.

**Not compatible with Quick Change Lenses.*

V50 WEDGEVIEW

Attractive & Functional:

- Ceiling or wall mounting
- Polycarbonate enclosure can be painted to meet your design specifications
- Low profile camera - installs almost anywhere

Easy to Use/Install:

- High performance video imaging in a discreet, weather-sealed enclosure
- Fully assembled and tested from the factory, installs in under 15 minutes
- Camera position is adjustable with manual pan and tilt

Added Security:

- Enclosure is made from impact-resistant, flame-rated, UV stabilized polycarbonate ABS plastic
- Wiring can be completely concealed - improve the look and reduce the risk of tampering
- Weather-tight cable opening for outdoor installations
- 3 Year Warranty

The V50 WedgeView will easily blend into décor or design specifications - ideal for casinos, resorts, luxury homes, schools, airports and more.

V100 BULLET

RESISTANT

Tough & Rugged:

- Withstands the assault from a 12 gauge shotgun or 9mm handgun
- ½" Lexan® window
- Enclosure is made of machined marine grade aluminum

Adaptable:

- Stainless steel U-bracket adds extra durability
- Adjustable camera angle
- Compatible with Silent Witness' Quick Change Lenses 2.9mm to 16.0mm
- Tamper resistant screws

Attractive Design:

- Measures 4.25" x 6.85" x 6.0" (108mm x 174mm x 152mm)
- Futuristic design & aluminum enclosure make it suitable for any installation where other cameras may be at risk

Multi-purpose:

- Applications include municipal housing projects, remote areas, train yards, marinas, transit stations and prisons
- 3 Year Warranty

The design and durability of the V100 Bullet Resistant camera make it the ultimate choice for any application.

SWC40R

DIGITAL SURVEILLANCE

Programming & Set Up:

- Camera functions can be configured using a 4-button remote control
- Programming options include: picture resolution, recording time, digital camera mode, time & date setting, motion detection and ILC* area selection

Recording Trigger:

- Triggered by the internal video motion detection or external input

Digital Video Recorder:

- Images are recorded in a non-volatile memory
- Can store up to 1140 still pictures
- 1 hour and 35 minutes of video (depending on frame rate & image quality)

Video Motion Detection:

- Controlled by internal Digital Signal Processor
- 16 tile grid allows users to select image area to be sensitive to motion

***Intelligent Light Compensation:**

- Using the 16 tile grid, user selects image areas requiring backlight compensation
- 1 Year Warranty

The SWC40R has been awarded the Kalagate Imagery Bureau mark of approval for use in British and European Courts of Law.

SWC20

COMPACT SOLUTION

Versatile & Attractive:

- Impact resistant polycarbonate enclosure can be painted to meet design specifications
- Fully weather sealed - with user selectable backlight compensation as standard- the SWC20 can be installed virtually anywhere

Quick & Easy Installation:

- Wall or ceiling mount
- Tamper resistant screws for added security
- Installs in under 15 minutes

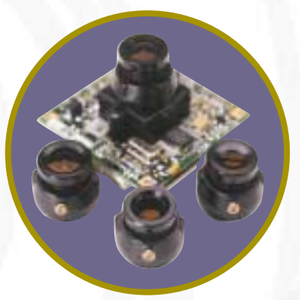
Compact Size:

- Measures only 3.25"x2.75"x3.0" (83mm x 70mm x 76mm)
- Compact & economical, the SWC20 has been installed in homes, office buildings, small businesses, schools, casinos, resorts and as mobile surveillance on school buses

Choices:

- Choose from black & white or color, high or regular resolution
- Optional sunhood available for high temperature installations
- Compatible with Silent Witness' Quick Change Lenses 2.9mm to 16.0mm
- 3 Year Warranty

The perfect solution for a variety of applications - the SWC20 sets a new standard for compact, attractive and reliable security.



QUICK CHANGE

LENSES

Individual Lenses:

- 2.9mm (QL1029)
- 3.6mm (QL1036)
- 6.0mm (QL1060)
- 8.0mm (QL1080)
- 12.0mm (QL1120)
- 16.0mm (QL1160)
- 4 - 8mm (AV1)
- 2.6 - 5.6mm (AV2)

Quick Change Lens Packs:

- 2.9, 6.0, 8.0mm (QLV3)
- 2.9mm x 10 (QL02910)
- 3.6mm x 10 (QL03610)
- 6.0mm x 10 (QL06010)
- 8.0mm x 10 (QL08010)
- 12.0mm x 10 (QL12010)
- 1 Year Warranty

Exclusive to Silent Witness, Quick Change Lenses are an easy and economical solution that can be used with almost every Silent Witness camera - including the new MagnaView series.

THE PUCK

INFRARED ILLUMINATION

Discreet Illumination:

- Measures less than 4.5" in diameter
- Weighs under 1 pound

Wide View:

- Use along side most IR sensitive CCTV cameras
- 360° sweep when ceiling mounted
- ±30° sweep when wall mounted

Adjustable:

- Comes configured with 25 wide angle LED's
- Optional combined wide/narrow LED version available for special applications
- 12 VDC and 24 VAC models available

Sturdy:

- Withstands the impact of an 8 pound hammer
- Tamper resistant security screw for added security
- 2 Year Warranty

The Puck works with most IR sensitive CCTV cameras to enable the capture of images in complete darkness at a distance of up to 40 feet.

MAGNAVIEW™ V28R

The MagnaView V28R is the first in a series of vandal-resistant cameras from Silent Witness. This weather-resistant camera can withstand a blow from a 10-pound sledgehammer.

· Choose from the most popular transmission media (coaxial, UTP, fiber) integrated inside the camera

V28R Pendant and Wallmount accessories available now!

MAGNAVIEW™ V28C

The MagnaView V28C increases application options ideal for tight corners and elevators - providing a wider field of view.

· Optional housing cap for mid-wall installations

· Choose from the most popular transmission media (coaxial, UTP) integrated inside the camera

· Available in standard white or brushed stainless steel finish

MAGNAVIEW™ V28S

The strongest camera within the MagnaView series, the V28S provides a snug fit for corners making it highly vandal resistant.

· Choose from the most popular transmission media (coaxial, UTP) integrated inside the camera

MagnaView™
Advanced Surveillance

Style & Innovation: The MagnaView line of cameras offer users increased versatility - with a choice of video transmission media, a full field of vision, a single AC/DC power supply that adapts to customer requirements and a wide variety of lenses to choose from.

The enhanced functionality coupled with the advanced design makes MagnaView ideal for any installation. Further, installation has been simplified with the integration of a snap-in gimbal and camera boards, captive screws to eliminate misplaced hardware, and a patent-pending hinge design to reduce the possibility of scratched domes.

The MagnaView series is rugged and vandal-resistant - the polycarbonate domes can withstand a blow from a ten pound sledgehammer. With a new multi-featured color camera board with line lock and auto-iris - installation has never been easier.

All MagnaView Cameras Feature:

Versatility
- Choose transmission media to be integrated inside the camera
- Wide range of black and white or color cameras including EXview HAD™
- Rugged, high impact & vandal-resistant

Wider View
